

## **JOHN & MARG DIPROSE N SERIES - NPS 250**

Owned by retired couple John & Marg of Qld, their Isuzu NPS250 has been fully fitted out to enable them the travel the country in any conditions. Their Isuzu holds 300ltrs of fuel (soon to be 450L) and with cushion hitch setup, tows their 21ft Phoenix caravan with ease. The 'mighty little truck' comprises a custom canopy designed and built by John which houses all gear needed for travelling. A remote boat loader takes the tinny from the ground to the top of the canopy, a gantry crane lifts the outboard motor into the interior rack, two fridges, dual inverters and outdoor gear are housed accessibly inside and there is even a doggy cage with its own screened door. John & Marg love the ease of parking the rig utilising 2 reverse cameras with sound. Isuzu ticked all the boxes with inclusions, economy and comfort a big priority for the owners. 'It is a reliable and solid little truck and the Isuzu people are great to deal with.'
